Integrated industrial site services

Speciality Rent & Supply (SRS) is an Atyrau-based service company founded in 2018. We coordinate daily requirements of industrial and construction sites through a single point of contact.

SEVEN SERVICE LINES

Facility management

Cleaning of offices, warehouses and grounds; site support.

Waste and wastewater

Solid waste removal, septic pumping and construction waste coordination.

Water supply

Technical and drinking water deliveries to project sites.

Equipment rental

Generators, lighting towers and modular sanitation units.

Manpower supply

Technical, facility and multi-skilled support personnel.

Industrial supply

Materials and consumables to the Client's specifications.

Diesel fuel supply

Fuel delivery and refuelling of equipment at the project site.

Based on SRS corporate presentation dated 08 Sep 2026. Availability, schedules and terms are subject to quotation.
